About RPR (Realtors Property Resource)

- Realtors Property Resource® is a wholly owned subsidiary of the National Association REALTORS®.

- RPR offers comprehensive data – including a nationwide database of 164 million properties – as well as powerful analytics and dynamic reports exclusively for members of the NAR.

- RPR's focus is giving residential and commercial real estate practitioners, brokers, and MLS and Association staff the tools they need to serve their clients.

- This report has been provided to you by a member of the NAR.

About RPR's Data

RPR generates and compiles real estate and other data from a vast array of sources. The data contained in your report includes some or all of the following:

- **Listing data** from our partner MLSs and CIEs, and related calculations, like estimated value for a property or median sales price for a local market.

- **Public records data** including tax, assessment, and deed information. Foreclosure and distressed data from public records.

- **Market conditions and forecasts** based on listing and public records data.

- **Census and employment data** from the U.S. Census and the U.S. Bureau of Labor Statistics.

- **Demographics and trends data** from Esri. The data in commercial and economic reports includes Tapestry Segmentation, which classifies U.S. residential neighborhoods into unique market segments based on socioeconomic and demographic characteristics.

- **Business data** including consumer expenditures, commercial market potential, retail marketplace, SIC and NAICS business information, and banking potential data from Esri.

- **School data and reviews** from Niche.

- **Specialty data sets** such as walkability scores, traffic counts and flood zones.

Update Frequency

- Listings and public records data are updated on a continuous basis.

- Charts and statistics calculated from listing and public records data are refreshed monthly.

- Other data sets range from daily to annual updates.
