HILL TIDE ESTATES, BOCA GRANDE, FL

Under contract-accepting backup offers. Under Construction. New Custom Waterfront Build now underway at Hill Tide Estates! This 5-bedroom 5 bath home orchestrated by Architect John Cooney will offer over 6,100 square feet of living space. BCB Homes will construct the home on over 150 feet of water frontage overlooking Boca Grande pass and Charlotte Harbor, aka "The Golden Corner"™. The new owners thoughtfully designed the home for entertaining guests while capturing water views from nearly every room. This unique interior plan will feature a club room, game room, and an upstairs lounge offering panoramic seascape unmatched anywhere in Southwest Florida. Two additional half baths will accommodate guests along with an elevator offering convenient service to the second level. The outdoor living space will include a special dining area with summer kitchen, and a separate sitting enclave overlooking the pool & garden. From the rear Lanai, a lush, landscaped pathway will guide you to the Private beach and direct access to the exclusive HTE Fishing Pier. The timeless Old Florida style architecture will feature a Mahogany impact rated entry door, Cypress wood Corbels, custom metal roof installed on self-adhering waterproof underlayment, and 10ft impact rated sliding doors. Custom wood moldings will charm every room, along with tongue and groove ceilings, and custom wood cabinetry by Ruffino. European ivory oak flooring will

compliment the Level 5 smooth finish walls, and solid Timberland doors throughout interior.

BCB Homes has built over 400 Custom Homes in the last 25 years in Southwest Florida. Their specifications exceed industry standards which continues to ensure homes are most durable for Florida’s climate and weather. Storm protection will be a focal point of this home, combining impact glass with remote hurricane shutters, first & second floor concrete block structure, and a sand float stucco concrete ~Board & Batten™ exterior finish. Energy efficiency and Building Science will be a comprehensive practice during the construction process. These procedures will include: spray foam insulation throughout building envelope, fresh air dehumidification systems, sound insulation throughout interior walls, high efficiency HVAC systems, wash-down testing on every window and door, and testing of plumbing and duct work before drywall by BCB building science technicians.
